

KIXX G1 SYNTHETIC

ACEA A5/B5, API SN/CF, SAE 5W-30

ADVANCED TECHNOLOGY ENGINE OIL

DESCRIPTION

Formulated from synthetic technology base oil, high performance additive systems and leading edge viscosity index improvers it meets the requirement of the current advanced top-tier engine oil grades of API SN and ACEA A5/B5. It is optimized to provide complete engine oil performance especially for fuel efficiency, reducing friction loss and durability.

APPLICATIONS

- All gasoline fueled vehicles
- High performance cars equipped with DOHC, EFI and VVT
- Four-stroke gasoline engines
- Sports Vehicles

PERFORMANCE STANDARDS

- API SN/CF
- ACEA A5/B5

BENEFITS

- The wide temperature range capability of the synthetic technology base fluid ensures correct oil viscosity to reduce friction at start-up, and to provide maximum lubricity during high temperature operation.
- Reduced piston blow-by gas with the oil's cleanliness effect could maintain engine power.
- Maintaining engine cleanliness with its prevention of engine sludge forming will extend engine service life.
- Excellent oxidation resistance and low volatility will extend oil drainage interval.
- Outstanding valve train protection by maintaining lubricity in high temperatures will minimize wear and extend engine life.

KEY PROPERTIES

SAE GRADES	5W-30
Kinematic Viscosity @ 100°C (mm ² /s)	10.27
Kinematic Viscosity @ 40°C (mm ² /s)	62.2
Viscosity Index	153
Pour Point (°C)	-39
Flash Point (°C, COC)	222
TBN, mg KOH/g (ASTM 2896)	8.6
