

# KIXX GREASE NLGI 3

PREMIUM QUALITY LONG LIFE GREASE

## DESCRIPTION

Kixx Grease NLGI 3 is premium quality general multi-purpose automotive and industrial grease. It is manufactured from high viscosity index premium quality base oils, lithium soap thickener and advanced rust, corrosion and oxidation inhibitors to provide high mechanical and chemical stability. Its unique technology of higher dropping point gives exceptional stability under thermal stress.

## APPLICATIONS

- Wheel bearings, ball joints, universal joints, chassis, linkages and various shock loaded and vibrating applications in transport, agriculture and off-road vehicles.
- Industrial balls and roller bearings, plain bearings, needle bearings. All trucks, buses, tractors, cars, etc. and general industrial applications requiring NLGI 3 specification.

## PERFORMANCE STANDARD

- NLGI 3

## BENEFITS

- High oxidation stability and excellent tackiness provides longer service life.
- Cost benefits due to reduced wear of the bearings.
- Outstanding load carrying capacity reduces bearing failures.
- Lubricates effectively in wet conditions due to its excellent resistance to water washout.

## KEY PROPERTIES

<b>NLGI Grade</b>	<b>3</b>
<b>Thickener Lithium</b>	<b>Lithium Soap</b>
<b>Penetration Worked x 60 Strokes</b>	<b>235</b>
<b>Dropping Point (°C)</b>	<b>230</b>
<b>Water Wash out, Weight Loss @38°C, 1 Hr.</b>	<b>0.75</b>
<b>Color</b>	<b>Golden Yellow</b>
<b>Base oil Viscosity (ISO VG)</b>	<b>220</b>
