

KIXX EP 2

NLGI 2

MULTIPURPOSE EXTREME PRESSURE GREASE

DESCRIPTION

Multipurpose EP grease containing highly refined mineral base oils, lithium thickener, extreme pressure (EP) additives and rust and oxidation inhibitors. Suitable for industrial application.

APPLICATIONS

- Industrial plain and rolling element bearings.
- General plant lubrication.
- Construction equipment bearings.
- Earthmoving, quarrying and mining.
- Agricultural equipment Usable temperature range: -20 to +130°C. Maximum temperature for short term exposure: +155°C.

BENEFITS

- Effective EP additive protects against component wear under high load conditions.
- Rust and corrosion inhibitors protect metal surfaces.
- Excellent oxidation resistance ensures enhanced grease service life.
- Multipurpose capability allows use in a wide range of industrial and automotive applications reducing the number of different greases required and eliminating product misapplication.

KEY PROPERTIES

NLGI Grade	2
Thickener	Lithium Soap
Penetration, Worked @ 25°C	279
Dropping Point, °C	192
Copper Corrosion @ 100°C, 24hrs	1b
Oxidation Stability, kgf/cm ² @ 99°C,100hrs	0.4
Four Ball Weld Load, kg	200
